# WELLNESS & SUSTAINABILITY

*Food is not just what you put on our plate.  
Food is your daily choice for wellness and health.  
Food is the result of production processes,  
raw materials, resources and work which impact  
significantly the life of humans and the ecosystem.*

## **360-DEGREES SUSTAINABILITY**

**Su di tono® Organic Italian Superfoods** is a  
PROJECT FOR SUSTAINABILITY revolving around food,  
aiming to bring **HEALTHY & TASTY FOOD** from field  
to fork, for **wellness of people** and  
for **environment safeguard**.

# RAW, HEALTHY & TASTY

## HOW WE KEEP IT 'SUSTAINABLE'?

Growing organic vegetables and herbs according to principles of Integral Farming, within a sustainable circular system.

Ensuring excellent quality of raw materials from field and keeping it in the final product.

Processing our veggies by Low Temperature Dehydration, to preserve all their nutrients and organoleptic qualities.

Giving you truly innovative food, with such natural taste that does not need salt, sugar, preservatives or additives.

# INNOVATIVE SUPERFOOD

## TASTE & HEALTH
